“...**COMMUNICATION PLAYS A MAJOR ROLE IN KEEPING PEOPLE SAFE.**”

• - Dr. Timothy Sellnow

Q5: What made you interested in crisis communication?

“Oddly enough, it's been my interest in all of my graduate education. I think what got me interested is growing up in a family of journalists and going along with my father and my brother to cover some important stories, many of which were crisis related, and realizing that communication plays a major role in keeping people safe. It inspired me!”

Q6: What do you like to do for fun outside of work?

“I'm a big sports fan, and I follow a lot of sports teams, including all of the Clemson sports team...Haha, Go Tigers exactly. I also like to play golf, and I enjoy music and theater.”

Q7: If you could be any color, what would you be, and why?

“I think I'd be sky blue. I've always liked the color blue. And I say sky blue because it's bright, open and airy.”

Q8: What is one piece of advice you would tell any student?

“I would say, follow your passion. If you pick something that intrigues you in college and you learn about it in college, then when you get a job or a career in that area, you'll enjoy it. You won't feel like you're working a day in your life. I truly believe that.”
