---

Dr. Christopher Eck will be offering a series of professional development workshops related to virtual program delivery, accessibility, and effective program delivery throughout the summer.

### **Zoom - Level 1 Training**

Level 1 Zoom training will cover basic Zoom features using the website and app including, scheduling a meeting, starting a meeting, inviting participants, audio features, video features, chat function, add/remove participants, raise hand, screen share, virtual backgrounds, and video filters. These features will be covered during a two-hour virtual training session using Zoom.

To sign up for one of the two training session please follow the link below:
